Kellie Graham Selected as LBS Financial Scholarship Winner

Long Beach, CA – August 17, 2010 – LBS Financial Credit Union offered a new \$1,000 scholarship in 2010 that could be applied for by any LBS Financial member in their final year of high school or first three years of college. One winner for the \$1,000 scholarship is selected by a credit union employee committee each year.

LBS Financial member, Kellie Graham of Lakewood was selected by the committee as the 2010 LBS Financial Scholarship recipient. Graham graduated from Mayfair High School in 2009 and will begin her second year of college at University of Southern California this fall.

“The quality of applicants for our scholarship was impressive,” said LBS Financial’s President and CEO Jeffrey A. Napper. “Our committee had a difficult time selecting from many worthy candidates. Kellie Graham’s commitment to community efforts, grade point average and leadership experience was especially noteworthy. She is an outstanding student and we are pleased to award her this year’s scholarship.”

In addition to the annual \$1,000 scholarship which must be applied for, LBS Financial provides 31 scholarships to local high schools, adult schools and community colleges annually, with candidates selected at the discretion of the schools’ head counselors.

About LBS Financial Credit Union

LBS Financial, founded in 1935 as the Long Beach School District Employees Federal Credit Union, is a member-owned cooperative providing savings, checking, Visa[®], money markets, certificates, IRA, insurance and investment services. LBS Financial also offers personal, vehicle, boat and home loans. Their field of membership encompasses fifty cities surrounding the greater Long Beach area, as well as Riverside, San Bernardino, Orange and San Diego Counties. They currently service over 115,000 members with six branch office locations, convenient electronic access (ATMs, online banking) and are part of the CU Service Center network. LBS Financial Credit Union has \$1 billion in total assets.
