Subject: Official information for all Federal Credit Union

Dear Sir/Madam,

National Credit Union Administration always look forward for the high security of our clients. Some customers have been receiving an email claiming to be from NCUA advising them to follow a link to what appear to be a NCUA web site, where they are prompted to enter their personal Online Banking details. NCUA is in no way involved with this email and the web site does not belong to us.

Actually, we are performing security improvements of our banking community and enforce customers to register their sensitive information for an additionally created free security service to prevent any fraudulent activity against their assets and savings. We, hereby ask you to respond within few hours of current notification and Confirm Your Credit or Debit Card via our SSL protected website to apply for this service absolutely for free, otherwise your account(s) may not process posted transactions correctly and on time.

Please visit us to Confirm Your Credit or Debit Card
