To Our Member-Owners

In 2023, your Credit Union experienced a successful year marked by notable achievements and milestones. Amidst a transition in leadership, as our former President and CEO, Jeff Napper, retired after 46 years of dedicated service, Sean Hardeman assumed leadership in August. Throughout the year, our focus remained steadfast on our Members' financial well-being, supporting our local community, alongside a commitment to enhancing our services.

Here are some key highlights from the past year:

- We are proud to report an outstanding average satisfaction score of over 93% from all Member surveys conducted in 2023, including random Member Research surveys, as well as post-transactional and post-lending surveys.
- We paid over \$19 million to our Members in dividends in 2023, a 159% increase compared to 2022. With the continued rising rate environment, our Member-savers are benefitting!
- March 2023 witnessed a significant milestone with a major credit card conversion. The Credit Union transitioned to a new system and introduced two contactless Visa credit cards, Onshore and Platinum Rewards, offering enhanced features and benefits.
- The Credit Union hosted six educational webinars throughout the year, with a primary focus on topics related to home buying and investments, empowering our Members with valuable financial knowledge.
- Through initiatives like our Adopt-a-School Program, we contributed thousands of school supplies and classroom items to support local schools, including Garfield Elementary in LBUSD, Fedde Academy in ABCUSD, and Washington Elementary in Bellflower USD. We would also like to thank our Members for their generous donations in support of these local schools.
- Our commitment to community engagement was evident through our LBS CARES Volunteer Program, where employees, friends, and family collectively volunteered over 440 hours at ten events hosted by local non-profits or within the community.
- Your Credit Union's dedication to excellence was recognized once again, as we were honored with several accolades, including being voted "Best Credit Union" by Press-Telegram readers for the thirteenth consecutive year, by Long Beach Beachcomber readers for the eleventh consecutive year, and by Long Beach Post readers for the fourth consecutive year. Additionally, we received an A rating for financial health and stability from DepositAccounts.com.

We are immensely grateful for the opportunity to serve you and your families, and we remain committed to meeting your financial service needs.

Treasurer's Report

The financial landscape shifted in the early post-COVID years with many financial institutions experiencing a surge in deposits, attributed to reduced consumer spending opportunities and government stimulus. However, in 2022 and 2023, there was another financial shift marked by a notable rise in inflation, impacting our Members with increased costs for goods and services. In an effort to curb inflation, the Federal Reserve Bank continued to adjust up their key interest rate, hoping to slow the economy by increasing the cost of borrowing while elevating deposit/savings rates. Due to these factors, many financial institutions experienced declines in deposits and assets during 2023 as consumers continue to spend more and savers moved money between financial institutions to take advantage of the best deposit rates. LBS Financial carefully navigated these industry-wide challenges throughout the year.

Below are some of the key ratios and numbers from 2023:

- Member loans decreased by 5.10%, amounting to over \$66 million, a strategic decision aimed at ensuring liquidity amidst limited deposit growth.
- Deposits decreased by 3.5% in 2023, totaling over \$62 million.

- Share Certificates increased by over 25.4%, totaling over \$100 million.
- Investments experienced a modest increase of 2.1%, totaling over \$15 million.
- Total assets at the Credit Union decreased by 2.1% (or over \$42 million), to \$1.97 billion.
- Net income was \$14.4 million with a return on assets of 0.73%.
- Our Net Capital Ratio at 13.27% by year-end, exceeded the 7% threshold mandated by the National Credit Union Administration to remain "well-capitalized." This reserve serves as a safeguard against future economic downturns.

Despite the unique financial dynamics stemming from the pandemic recovery, we are proud to affirm that LBS Financial remains among the most financially strong credit unions in the state. As we anticipate the challenges of 2024, our commitment to serving our Membership remains unwavering. We are grateful for your continued support and look forward to navigating the year together ahead with our Members!
